Subject: Omega: PBH manifests

Thanne,

A few minutes ago, I spoke with Adrienne Sanders at DTSC. She had not received my letter from last week so I faxed it to her. She explained that orders are filled first come, first serve, that there were 14 orders ahead of mine, and that I probably would not receive a response before the Sept 17 meeting. She said that DTSC charges \$62/hour of search time and 75 cents per page for copies. If she was able to find the manifests, she would notify me and let me know the charges. She would then wait for a check to clear before she sent the documents. All in all, it looks like it will be a month before I can review the PBH manifests. Thus, it is likely to be hard for me to respond to EPA's settlement offer for PBH by this Friday, Sept 6, as you and Karl require. Please advise.

Regards, Van
